# Your partner in recovery

By offering quality behavioral healthcare services, we help youth and adults make positive changes in their lives.

As a community mental health center with more than 60 years of experience, Park Center remains committed to quality, cost-effective behavioral health care for people of all ages in Allen, Adams, and Wells counties in order to promote their mental health and well-being.

As a private, non-profit health care provider, Park Center offers a wide array of services to help you on your path to recovery.

People who access Park Center for services assist in setting their own goals to the fullest extent possible. Park Center staff, including clinicians, doctors, nurses, case managers, peer specialists and more, will partner with you as you work toward your goals. They can help you understand the recovery process and support you in planning your goals and steps to achieve them. Our primary services are listed below:

**TEAMWORK** is part of the recovery process, and **you** are the most important member of the team. It becomes Park Center's job to help people achieve their goals in the most comfortable and efficient manner possible.

### Professional Staff

Services are provided by qualified professional staff. A peer review and a clinical supervision system assures the highest possible quality of care.

We are committed to excellence in every part of our organization and in our relationships to the communities and consumers we serve.

### Confidentiality

Our services are confidential. At Park Center, you will receive quality service in an atmosphere of privacy and respect.

### Fees

Our fees are based on the cost of providing services. We are competitively priced and those individuals in our three-county service area may be eligible for a fee adjustment for some programs and services if they qualify. Such eligibility is based on family size, income, and level of disability, and is determined at the time of the first appointment. We also are providers in many insurance plans. Payment plans can be designed, if needed.
